Will--

FYI--EPA R10 has asked me to share these docs that they developed with you. Dennis requested his staff develop them for this evening's call.

1. CZARA Forestry Final: Brief summary of the status of OR's forestry program and minimums to get over the CZARA bar. Kim and his staff reviewed earlier draft and NMFS comments have been incorporated.
2. Reasonable Options: What I shared earlier this afternoon. A more in-depth look at some possible options for Oregon.

Allison

Dennis, attached you will find two documents for your and Will Stelle's consideration. You've seen both documents before but they have been refined/revised. One is a brief summary of the status of Oregon's forestry program and the

minimums to get over the bar for purposes of CZARA. The other is a longer overview of possible options the State could consider to get to an approvable program. We've incorporated NMFS comments.

I will provide hard copies to Kendra and Matt.

Let me know if you need anything else.
